Forecast for Saturday 09 Oct 2021

Weather: A lot of low cloud expected for most of the day with some drizzly rain at times, and some heavier rain first thing in the morning. Dry weather with clearing skies will spread from the west around dusk, to leave a dry and clear evening.

Chance of cloud free mountain/hill tops above 700m: Little chance during daylight hours

Visibility: Poor in extensive low cloud down to 300 to 600 metres for most of the day. Improving markedly after dark once the cloud clears, but some uncertainty in the timing of this clearance.
